Title of the event	“AWARENESS OF CROP ROTATION ON ORGANIC FARMS”
Event start date	06.08.2022
Event end date	06.08.2022
Description	Students along with staff visited Sontyam village on 06.08.2022 and interacted with the farmers and clearly explained them about the organic farming techniques mainly by following crop rotation cycle through cash crops(vegetables), cover crops(grasses and cereals) and green manures (legumes) etc... and the exact sequence of crops will be varied based on the local circumstances and also it has many benefits like it improves soil fertility, erosion control, weed control, increased yield etc... and the nitrogen depleting crop should be preceded by a nitrogen fixing crop.
