Objective:-Viswanadha Institute of Pharmaceutical Sciences had successfully organized one week Faculty development programme on “**Drug Discovery and various aspects of Medicinal Chemistry**”.

The main objective of the programme is to improve understanding about discovery of new chemical entities with desirable pharmacological properties. To demonstrate target drug ability and to address issues that determines drug success or failure. It provides total information of drug discovery and development of new medicine to cure various diseases.

Topics covered:

- Importance of drug discovery.
- Modern approaches of pharmaceuticals in drug discovery.
- Natural products based drug discovery.
- Computational chemistry, Regulatory affairs, Pharmacovigilance and importance of intellectual property in drug discovery.

Outcomes of the programme:

- To enhance the understanding of the process of making a molecule
- To provide insight to novel and recent trends in drug discovery, development and formulation.
- To understand the chemistry of drugs with respect to their pharmacological activity.
- Helps in correlating between pharmacology of a disease and its mitigation or cure.
- A detailed understanding of the processes involved in the design, development and discovery of medicinal compounds.

Number of Participants:- 32

Objective: Our college had successfully organized one day Technical development Programme on “ECAP Software” for administrative and technical staff.

The Objectives includes:

- It provide an overview of the college’s need for an attendance and syllabus management system.
- It provides real-time attendance updates to faculty, students and administrators promoting transparency and accountability.
- It integrates a syllabus management module that allows for centralized creation, distribution and updates of course syllabus.
- The program aims to impart improved efficiency, accuracy and communication within our college. It has streamlined administrative tasks, enhanced the learning experience for students and faculty with tools to deliver quality education.

Topics covered:

- Module on Administration, Academics, Accounts, Admissions.
- Module on Fee payments, Examinations, Placements.
- Module on Library, central stores, Hostel, Transport and Student details.

Outcomes of the Programme:

- Availability of data in required formats ease the work of staff and management. Done in a structural manner to ensure clarity and professionalism.
- It helps the college administrator, able to get all the information regarding any faculty member on a particular day and time.
- Admin panel will also able to edit the login display panel of teacher, staff members and students.
