ABOUT THE VNIPS

Viswanadha Institute of Pharmaceutical Sciences (VNIPS) was established in 2008. VNIPS is affiliated to Jawaharlal Nehru Technological University, Kakinada and approved by All India Council for Technical Education & Pharmacy Council of India, New Delhi.

VNIPS has all state of art facilities required for running the courses in a best way. It has a team of well experienced, vibrant and dynamic faculty under the veteran leadership of Principal Dr. P. Uma Devi. Quality Education is the prime motto of VNIPS.

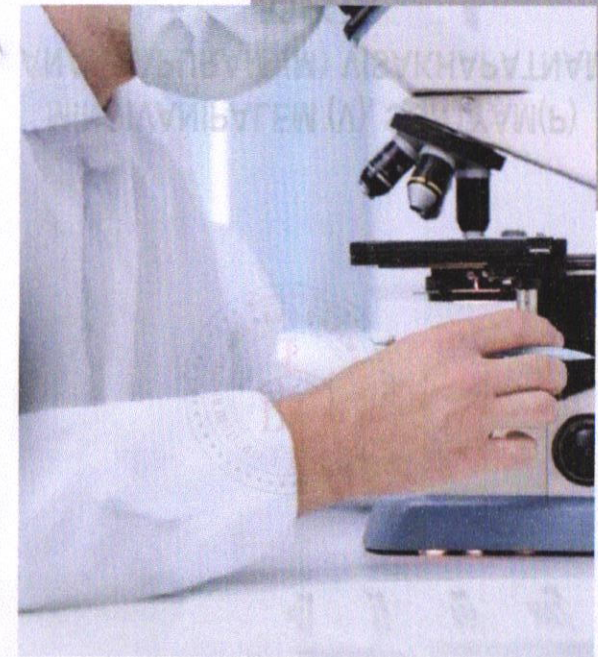

VISION: To transform as reputed institution imparting Pharmacy education and Research in bringing out adept Professionals.

MISSION:

- Impart value based and value added pharmacy education to meet global standards.
- Groom the students towards achieving academic excellence and encourage Research towards social orientations with emphasis on health care.
- Nurture the budding Pharmacists in catering to the needs of Industry and Society.
- Strengthen interaction of the institute with Industry and Hospitals.

Program Objectives

- To acquire knowledge on various pharmaceutical dosage forms and their formulation.
- Understand various considerations in development of pharmaceutical dosage forms.
- To formulate solid, liquid dosage forms.
- To know the evaluation of dosage forms for their quality.

Program Outcomes

The students will be able to

- Describe the various solid and liquid dosage forms.
- Formulate solid and liquid preparations.
- Perform QA and QC on solid and liquid dosage forms according to pharmacopoeia preparations.
- Apply GMP in solid and liquid dosage forms manufacturing.

Viswanadha Institute Of Pharmaceutical Sciences organised A Two Week Certificate program on “**CONCEPTS OF ANALYTICAL TECHNIQUES, QUALITY CONTROL AND QUALITY ASSURANCE**” for IV.IBPharm students by the Resource person : Dr. P V Madhavi Latha She explained about concepts of analytical techniques, quality control and quality assurance. A total of 24 students were participated in this program and gained knowledge about topic. They were able to uderstand the following Objectives and Learning outcomes .

Objectives :

1. To acquire theoretical aspects of key analytical techniques and instruments used in various fields of Pharmacy.
2. To express the main attributes of Quality Assurance System and Quality control system
3. To calculate, analyze and interpret quality costs and Statistical Quality Control

Learning Outcomes:

1. To select the required instruments for specific analysis.
2. Able to define quality control and quality assurance concepts
3. How to measure and control the quality of the inventory as it is being developed.
4. To implement General quality guidelines a quality system.
5. To develop quality manuals to meet specific needs in the department of QC and QA

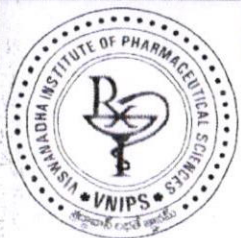

This course is useful to Students to acquire knowledge about Analytical techniques , Quality control and quality assurance . Received positive feedback from the students. Our Management and Principal Dr. P.Umadevi conveyed thanks to resource person and wishes to Students. The program was conducted successfully.

ABOUT INSTITUTE

Viswanadha Institute of Pharmaceutical Sciences (VNIPS) was established in 2008. VNIPS is affiliated to Jawaharlal Nehru Technological University, Kakinada and approved by All India Council for Technical Education & Pharmacy Council of India, New Delhi.

VNIPS has all state of art facilities required for running the courses in a best way. It has a team of well experienced, vibrant and dynamic faculty under the veteran leadership of Principal Dr. P. Uma Devi. Quality Education is the prime motto of VNIPS.

VISION: To transform as reputed institution imparting Pharmacy education and Research in bringing out adept Professionals.

MISSION: Impart value based and value added pharmacy education to meet global standards. Groom the students towards achieving academic excellence and encourage Research towards social orientations with emphasis on health care. Nurture the budding Pharmacists in catering to the needs of Industry and Society. Strengthen interaction of the institute with Industry and Hospitals.

Program Objectives:

- To describe the bio-active components which are naturally derived.
- To demonstrate the students about their phytochemical analysis, characterization and pharmacological investigation.
- To render complete picture of Mass Spectroscopy, NMR, HPLC, HPTLC for structure identification

Learning Outcomes

- Through this program the students were able to know how these resources help in finding and effective drugs that can be useful for us.
- Students got complete understanding of analytical methods used to isolate, identify and characterize the phytochemicals.
- Students got aware of new technologies in Natural Drug Discovery Research. In future they can utilize these technologies to perform research in screening which are helpful to the mankind.

Number of Students Enrolled : 17

Venue: VNIPS Seminar Hall.

Viswanadha Institute Of Pharmaceutical Sciences organised A Two Week Certificate program on “**CONCEPTS OF COMPUTERS IN PHARMACEUTICAL RESEARCH DEVELOPMENT**” for I.I MPharm students by the Resource person : Dr K.RamaDevi. She explained about concepts of Computers in pharmaceutical Research development . A total of 17 students were participated in this program and gained knowledge about topic. They were able to understand the following Objectives and Learning outcomes of the concept .

Objectives :

- To understand the role of computers in pharmaceutical research.
- To know the ethical issues faced by computers in pharmaceutical research.
- A note on Artificial intelligence, information technology, and their ethics.
- To comprehend the Code of conduct by the association for computing machinery.
- To examine the Major Offenses Observed in Scientific Research.

Learning Outcomes:

- To utilize various molecular modeling software's in the design of novel drug-like molecules.
- To apply the various software's for physico-chemical property prediction.
- To understand how current drugs were developed by using pharmacophores modeling and docking technique.

This course is useful to Students to acquire knowledge in computer aided drug designing, and uses of computers in Pharmaceutical development. Received positive feedback from the students. Our Management and Principal Dr. P.Umadevi conveyed thanks to resource person and wishes to Students. The program was conducted successfully.

ABOUT COLLEGE

Viswanadha Institute of Pharmaceutical Sciences (VNIPS) was established in 2008.

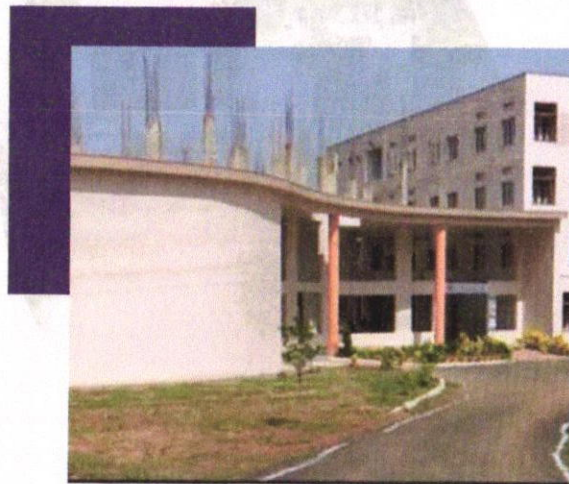

VNIPS is affiliated to Jawaharlal Nehru Technological University, Kakinada and approved by All India Council for Technical Education & Pharmacy Council of India, New Delhi.

VNIPS has all state of art facilities required for running the courses in a best way. It has a team of well experienced, vibrant and dynamic faculty under the veteran leadership of Principal Dr. P. Uma Devi. Quality Education is the prime motto of VNIPS.

VISION: To transform as reputed institution imparting Pharmacy education and Research in bringing out adept Professionals.

MISSION:

- Impart value based and value added pharmacy education to meet global standards.
- Groom the students towards achieving academic excellence and encourage Research towards social orientations with emphasis on health care.
- Nurture the budding Pharmacists in catering to the needs of Industry and Society.
- Strengthen interaction of the institute with Industry and Hospitals.

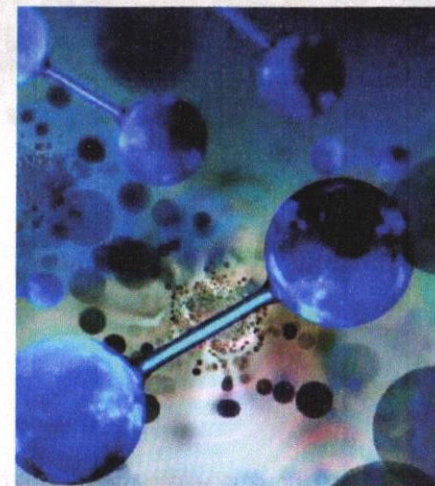

PROGRAM OBJECTIVE

- Introduction to Good Pharmacy Practice.
- Good Pharmacy practice in hospital setting.
- Evolution of good pharmacy practice in various regions.
- Preparation of sterile medication.
- Hazardous drugs handling.
- Risk management in Pharmacy.
- Regulation of national health insurance related to Pharmacy.

PROGRAM OUTCOMES

- To acquire knowledge about the regulation of GPP.
- To acquire knowledge on the basics of GPP.
- To compare the differences of GPP in different regions.
- To explore the regulations of various national health insurances.
