Objective:-Viswanadha Institute of Pharmaceutical Sciences had successfully organized one week Faculty development Programme on “**Guidelines on dose calculations in Experimental Pharmacology.**”

The main objective of the Programme is to provide the basic principles and guidelines on dosage calculations and preparation of stock solutions for experimental pharmacology.

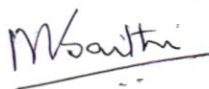

Topics covered:

- OECD guidelines on volume selection.
- Calculation of animal's dose from human dose.
- Dosage calculation and preparation of stock solution of crude plant extract for experimental animals.
- Dosage calculation and preparation of stock solution of salt compounds for experimental animals.
- Dosage calculation and preparation of stock solution of a reference drug for experimental animals
- Dosage calculation and preparation of stock solution of ampoules for experimental animals.
- Restraining and administration of substances to laboratory animals by oral and intraperitoneal routes.

Outcomes of the programme:

This programme helps students, faculty and researchers to ensure that studies involving experimental administration of drugs/substances to animals are planned and conducted appropriately.

ABOUT THE COLLEGE:

Viswanadha Institute of Pharmaceutical Sciences (VNIPS) was established in 2008. It is being run by Viswanadha Educational Society (VES). VNIPS is affiliated to JNTU (Jawaharlal Nehru Technological University) Kakinada and approved by AICTE (All India Council for Technical Education) & PCI (Pharmacy Council of India) New Delhi.

VNIPS has all state of art facilities required for running the courses in a best way. It has a team of well experienced, vibrant and dynamic faculty under the veteran leadership of Principal Dr. P. Uma Devi. Quality Education is the prime motto of VNIPS

VISION:

To transform as reputed institution imparting Pharmacy education and Researchin bringing out adept Professionals.

MISSION:

- Impart value based and value added pharmacy education to meet global standards.
- Groom the students towards achieving academic excellence and encourage Research towards social orientations with emphasis on health care.
- Nurture the budding Pharmacists in catering to the needs of Industry and Society.
- Strengthen interaction of the institute with Industry and Hospitals.

Courses Offered

Objective: Viswanadha Institute of Pharmaceutical Sciences has successfully organized one week Faculty development Programme on “**Development and Scope of Plant Tissue Culture**”. The main objective of the Programme is to obtain high frequency shoot regeneration, which is prerequisite for an efficient transformation system and a Clonal propagation of plant with attractive flowers and fruits with large scale and useful information on plantation of Ornamental plants.

Topics covered:

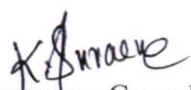

- History of plant tissue culture

- Tissue culture, Embryo culture and uses in agriculture and Pharmaceuticals
- Different techniques like Germ plasma conservation, Protoplast fusion, Haploid production and Micro Propagation technique used in Agriculture

Outcomes of the Programme:

- Principles and applications of tissue culture.
- Preparation of tissue culture media, sterilization.
- Micro propagation technique is widely used for the development and preparation of foliage and ornamental plants.
- Plant regeneration can be achieved by organogenesis and Somatic embryogenesis.
